# UK Chemotherapy Board (UKCB) - Represented by Ruth Board and Janine Mansi

Cancer Commissioning Services Conference, 6<sup>th</sup> December, London - Annual conference to be led by the UKCB <http://www.commissioningcancer.co.uk/>

Ruth Board will be the next Chair of the UKCB

Chemotherapy training modules have been fully supported by the UKCB. Will be very beneficial as a training aid, plans to ensure that they are more widely available for trainees

Immunotherapy – best practice – led/supported by Ruth Board is in the final stages of development

Patient held chemotherapy diaries – in the final stages of development with support from CRUK

National regimen-specific consent forms – progressing well. First national steering group to meet later this year. Ongoing funding through CRUK

ACP/UKCB support for a UKONS RAG triage tool for acute oncology emergencies and a document outlining initial management for the first 24 hours. This useful document has recently been updated, to include immunotherapy toxicity  
<http://www.ukons.org/acute-oncology-forum>

ABC (**A**ge is no **B**arrier to **C**hemotherapy) – led by Janine Mansi – funding through ABPI/PHE to address inequality of prescribing in older patients

# Shape of Training

Currently we are *not* being asked to plan for Acute Unselected Take

The plans will be finalised through a fresh round of curriculum approval

The GMC/COG have asked for closer working between medical and clinical oncology

The work of identification of curriculum overlaps and common themes is ongoing

We need to reflect on our future relationships with clinical oncology and the RCR
