Junior Investigator Meeting

Friday 20th and Saturday 21st March 2020

Malmaison, Manchester

This meeting is aimed at healthcare professionals who have a clear focus on oncology or immunology, and an interest in actively contributing to clinical and translational research in the UK.

The meeting will address a range of clinical research applications including cancer biology, screening, prevention and diagnosis, with the agenda made up of sessions that focus on the design and performance of oncology-related clinical research as well as methods of data and statistical analysis.

Expert Exchange: Proposal guidance

Discuss your proposals and research questions with clinical and statistical experts within the field of oncology.

More information to follow on format and submission requirements.
