

IOCN

Supporting Those Receiving Immunotherapy
by Supporting Those Delivering it

New and Emerging Oncotherapeutic Neurotoxicity (NEON) study day

Supported by the Immuno-Oncology Clinical Network (IOCN)

33 Queen Square, Lower Ground Lecture theatre
National Hospital for Neurology and Neurosurgery,
London

Friday 11th September 2026

Consultants: £50

Trainees and AHPs: £30

Registration Link

Programme

0900-0930: Registration and coffee

Introduction

0930-1000: Evolving Landscape of Immunotherapies in Cancer (Professor Anna Olsson-Brown, consultant medical oncologist, UPMC Professor of Cancer Clinical Trials, University College Cork)

1000-1030: New and Emerging Oncotherapeutic Neurotoxicities (Dr Aisling Carr, consultant neurologist NHNN, London)

Rapid fire clinical scenarios 1

1030-1045: IO-neuritis (Dr Ryan Keh, consultant neurologist, Salford Royal, Manchester)

1045-1100: Triple M Syndrome (Dr Ben Schroeder, neurology registrar, University Hospital of Wales, Cardiff)

1100-1130: Coffee

Rapid fire clinical scenarios 2

1130-1145: IO-CNS manifestations (Dr Clara Tierney, NHNN)

1145-1200: IO-HLH (Dr Jess Manson, consultant rheumatologist, University College London Hospitals)

1200-1215: Rare and Atypical IO-Neurotoxicity Presentations (Dr Heather Shaw, consultant medical oncologist, UCLH and Mount Vernon Cancer centre)

1215-1230: Common Non-Neurological IO-Toxicities (Dr Kate Young, consultant oncologist, Royal Marsden Hospital)

1230-1300: IO-neurotoxicity mimics and chameleons (Dr Aisling Carr, consultant neurologist, NHNN)

1300-1400: Lunch and Networking

1400-1500: IO-neurotoxicity live MDT: 2 cases and live discussion

1500-1530: Coffee

Rechallenge and Non-IO Neurotoxicities

1530-1550: Risks and considerations of ICI in neurological autoimmune disease and rechallenge (Dr Mark Willis, consultant neurologist, University Hospital of Wales, Cardiff)

1550-1610: CAR-T neurotoxicity (Dr Frederick Vonberg, consultant neurologist, NHNN)

1610-1640 Beyond ICI and CAR-T (Dr Nick Davies, consultant neurologist, Chelsea and Westminster Hospital).

1640-1700: Panel Discussion
