for Medical  
Oncology

**ACP (UKSMO)  
Conference 2026  
Birmingham, 16-18th April**

## MEET THE SPEAKERS

**Dr Caroline Michie**, Consultant Medical Oncologist, Edinburgh Cancer Centre & Honorary Clinical Senior Lecturer, University of Edinburgh

**When:** Friday 17<sup>th</sup> April, 11.30am

**Session:** Professional development in clinical trials, Workshop 1

**Topic:** The Principal Investigator – from first steps to supervision and training the next generation

Dr Michie is a consultant medical oncologist in breast cancer, honorary clinical senior lecturer and NRS research clinician at the Edinburgh Cancer Centre & University of Edinburgh. Following specialist training in Edinburgh, she was a clinical research fellow in early phase clinical trials at the Drug Development Unit at the Royal Marsden Hospital, before returning home to Scotland as a consultant in 2012. She is principal investigator on multiple breast cancer studies and is the lead clinician for the Edinburgh breast cancer clinical trial team, managing their trial portfolio.

Dr Michie is also the Lead Clinician for SACT for NHS Fife, an executive committee member for the UK Breast Cancer Group (UKBCG), an editorial board member for European Medical Journal – Cancer and BMC Medical Education, the Scotland representative for the ACP/UKSMO Executive Committee, founding faculty and clinical lead for the Cancer Biology and Precision Oncology MSc course at the University of Edinburgh and a Melville Trust Scientific Advisory Committee member. She is an author on several peer-reviewed papers and many presentations at major UK and international oncology meetings. Finally, she was a RCP tutor for an oncology training programme in East Africa in recent years. Out of work, she is married with two children and enjoys travelling, skiing, tennis and good food.

Disclosures: Astra Zeneca, Pfizer, Novartis, MSD, Eli Lilly, Exact Sciences, Eisai, Roche, Daiichi-Sankyo, Menarini Stemline.
