

MEET THE SPEAKERS

Professor Galina Velikova, Specialist Registrar in Clinical Oncology, North West Anglia Foundation Trust

When: Thursday 16th April, 11.50am

Session: Future of Oncology- Empowering patient involvement in Cancer Care

Topic: Patient reported outcome measures

Galina Velikova is a Medical Oncologist at the University of Leeds and Leeds Teaching Hospitals, UK with a track record of patient-centred research using electronic Patient-Reported Outcome Measures in clinical practice and cancer trials, as well as methodological PROMs work. She led the first trial showing patient benefit from using PROMs in cancer patient care. She is past president of ISOQOL and past chair of EORTC QOL Group.
