

UKSMO UK Society
for Medical
Oncology

**ACP (UKSMO)
Conference 2026
Birmingham, 16-18th April**

MEET THE SPEAKERS

Dr Sarah Payne, Senior Global Development Medical Director, GSK

When: Friday 17th April, 9.50am

Session: Clinical Trial Design

Topic: From conception to delivery – working with pharma

Dr Sarah Payne is a consultant medical oncologist and pharmaceutical physician with over 25 years' experience across NHS clinical practice, global drug development, and medical affairs. When Sarah was training in London, she spent many happy years as a member of the ACP, including being the lead for the trainee section for 3 years.

In industry, she has held senior global leadership roles at AstraZeneca, GSK, and Pfizer, leading phase III trials, regulatory interactions, and medical strategy. She has driven evidence generation, safety strategy, and successful global launches across lung and prostate cancer. Sarah is currently a senior medical director at GSK working in lung cancer.
