

MEET THE SPEAKERS

Dr Vinton Cheng, Associate Clinical Professor and Honorary Consultant in Medical Oncology, University of Birmingham

When: Friday 17th April, 3.30pm

Session: Equitable access to clinical trials

Topic: Broadening inclusion criteria in clinical trials

Dr Vinton Cheng is an Associate Clinical Professor and Honorary Consultant in Medical Oncology with a clinical focus on the holistic management of adult patients with primary and metastatic brain tumours, including through the delivery of systemic therapies.

Dr Cheng's research interests are in developing systemic therapy trials for brain tumour patients and studying the progression of cancer in the brain. He is a member of the British Neuro-Oncology Society Clinical Committee and the MRC/NIHR Efficacy and Mechanism Evaluation Funding Committee.
